Flint Hills Technical College Placement Report

This chart contains the results of the one-year Follow-Up Study of the 2009-10 program completers. The study was conducted in 2010. Results of this annual survey are reported to the State of Kansas and compiled in the "Kansas Training Information Program" publication. Percent employed or continuing education is based on the number of students contacted, not the number of students completing.

Technical Programs	Number Completing	Number Contacted	Number Employed or Continuing Educ.	Number Employed in Field/ Unrelated	Number Continuing Education	Number Unavailable for Placement	Percent Employed or Cont. Educ.	Average Annual Salary
Automotive Technology	24	16	14	3	11	2	88%	\$22,186

TOTALS	247	164	150	82	72	10	91%	\$28,499

Mission • The mission of Flint Hills Technical College, as an associate degree granting institution, is to provide a diverse community of learners with life-long educational opportunities for personal growth and preparation for professional and civic responsibilities that meet the needs of society.

Vision • Our vision is to empower our graduates to compete successfully in the high-tech global workplace.

Accreditation and affiliations • Flint Hills Technical College is coordinated by the Kansas Board of Regents and accredited through the Higher Learning Commission. Program accreditations include the American Association of General Contractors; the Kansas State Board of Nursing; the Commission on Accreditation of Allied Health Education Programs; and the American Dental Association.

Job Placement Services

Flint Hills Technical College is widely recognized for its success in attracting quality students who acquire valuable knowledge and competencies through their technical programs of study at FHTC. These same students successfully enter a competitive workforce with the ability to perform complex, demanding jobs that require the highest level of technical, communication and teamwork skills.

FHTC has historically been very successful in preparing graduates to go directly to work, continue to pursue formal studies at other institutions of higher education, or undertake both. Whatever choice the student makes, FHTC instills in all its graduates an appreciation for lifelong learning. The employer who hires a FHTC graduate will get an individual who is well educated, has a strong work ethic and is willing to continue to learn — both on the job and off.

FHTC has found that an effective method of matching the right employer to the right student is to place responsibility for job placement at the departmental level. Faculty members are actively involved in maintaining relationships with business and industry by including employers in program advisory committee activities, curriculum decision-making and equipment selection. It is natural that the placement of students in occupations for which they are educated be a function of these relationships.

Employers interested in locating capable employees are encouraged to contact Flint Hills Technical College by calling 343-4600 or, if outside the Emporia area, 1-800-711-6947. Representatives from business and industry are, of course, always welcome to visit.
