*Textbooks purchased during first semester will be used throughout entire program.

Costs are subject to change. Actual costs are determined after enrollment and may vary depending upon which courses enrolled in different semesters. A non-refundable enrollment deposit is due at time of enrollment. Account balances are due, or payment arrangements made need to be made before the first day of the semester. A late fee of \$50/month will be assessed on the balance due after the 1st day of the semester. Textbook prices may vary; please check fhtc.ecampus.com for current textbook prices.

After successful completion of four semesters during high school, students may obtain a technical certificate. If the student plans to pursue an AAS degree, an additional 32+ credit hours will need to be completed and will be billed at the post-secondary rate. Students entering the program as high school seniors will need to return one year to complete their Technical Certificate.
